

## Remote Run for Rwanda #patriziarun

Welcome to the first charity remote run of the PATRIZIA Foundation!

You want to do something good at Christmas time? And one of your good intentions for the new year is "more physical exercise"? With our charity run you can combine both. Under the motto "Running together for a good cause" we invite you to participate in the "**Remote Run for Rwanda**"!

### When, where and how far?

In the period from **December 24, 2020 to January 10, 2021** you have the opportunity to run **5 km**. The choice of the route is up to you. You track your time yourself and enter it online into our portal based on trust.

With your participation\* you support a school in Rwanda to build up infrastructures for digital learning. You also have the opportunity to take over a running sponsorship for a student in Rwanda, or you give a running sponsorship as a gift to your friends (see information below).

\* The starting fee of 5 euros minus small transaction costs incurred will benefit the Ntarama project in Rwanda of the PATRIZIA Foundation.

### 8 steps to reach the goal:

1. Register on the [Race Result portal](#) by 23 December 2020.
2. Print out your race number, which you will receive in the registration confirmation e-mail.
3. Share your activity in your network! #patriziarun
4. Find any 5 km long running track in your area!
5. Run/walk in the campaign period 24 December 2020 to 10 January 2021 and track your time.
6. Take a photo of yourself with your race number: before, during or after the race
7. Upload the photo and your runtime to the [Race Results portal](#), and post it, if you like, on social media with the hashtag #patriziarun
8. You will receive your individual running certificate by e-mail to print out.

### Support for a school in Rwanda

With your participation you support the [PATRIZIA Vocational Training Center Ntarama in Rwanda](#), a facility of the PATRIZIA Foundation. The training center was closed during the lockdown like other schools worldwide. As a result, the students no longer had access to education because there were no infrastructures for digital learning. The school itself was in dire straits as school fees were not paid.

The PATRIZIA Foundation provided immediate aid in this difficult time: Funds from the "Corona Fund Education Healthcare" were used to pay teachers' salaries, food and necessary hygiene measures such as hand washing facilities for the reopening after the lockdown.

In addition, the foundation wants to help in the long-term with a digitization initiative, the "Digital Classroom". The school urgently needs further support for the construction of a computer room and the purchase of laptops - so that access to education can be maintained in the long-term despite further possible school closures via digital classes.

### **Aktivate your network!**

The success of the project lives from **YOU**. Therefore, it is important that you share your participation in the "Remote Run for Rwanda" in your networks to motivate friends and acquaintances to run as well. Please use the hashtag **#patriziarun**.

Also non-runners can show their solidarity with you by **donating**. Thus, together we can push the project in Rwanda!

### **Sponsorship for runners in Rwanda:**

And last but not least: The students of the PATRIZIA Vocational Training Center are also motivated to participate in our virtual running challenge. By taking on a sponsorship you can provide a student from the training center in Ntarama to take part in the run. Therefore, in addition to your participation you can also pay the starter fee for one or more runners in Rwanda. If you are still looking for a Christmas present, giving away a sponsorship can also be a great idea.

### **An idea from Christina Lutz, employee of PATRIZIA AG**

Christina Lutz works at PATRIZIA AG in the Legal department. At PATRIZIA's introductory day she met Angelika Jacobi, chairwoman of the PATRIZIA Foundation Board, who introduced the foundation and volunteering opportunities. The idea of organizing a virtual run together with the foundation quickly emerged.

Christina has been running since her childhood, regularly takes part in running events and has been training in a performance club for two years. Three years ago, she ran a marathon, but the 29-year-old's favorite distance remains the half-marathon. Her goal for the coming year is to break the 1:30 mark in this distance.

Christina hopes that many people will be infected by her passion for running: "Just the thought of doing good for children and for yourself at the same time is very motivating. You run alone, but you still run together to support a project together".

### **Any questions?**

If you have any questions, requests or suggestions, please contact Christina Lutz or the PATRIZIA Foundation via the e-mail address [remoterun@patrizia.ag](mailto:remoterun@patrizia.ag)
